SUMMARY

I'm a final year Computer Science student who loves building things with code—especially full-stack web apps using the MERN stack (MongoDB, Express.js, React, and Node.js). I take pride in writing clean, maintainable code and solving problems creatively. Now, I'm looking for a team where I can contribute, grow, and turn ideas into reality.

EDUCATION

Bachelor Of Technology

School Of Management Sciences || 7.0

XII

Amity International School || 86%

KEY SKILLS

Languages :- HTML , CSS, JavaScript, Java

Frameworks & Libraries :- ReactJS, Express.js ,Bootstrap,

Presentation Tools :- MsWord , Canva, Figma

Developer Tools :- Visual Studio Code, IntelliJ IDEA , Git , Github

Language Spoken :- English , Chinese (Basic) , German (Basic)

PROJECTS

FETIT :-

- A responsive static website showcasing healthy vegetarian salad recipes with vibrant images.
- Built with HTML5 for structure and CSS3 for styling, featuring a clean layout, hover effects, and a mobile-friendly design.

SPOTIFY CLONE :-

- Built a Spotify-inspired music player from scratch using HTML, CSS, and JavaScript.
- Created a responsive interface with working play/pause controls, a seek bar, volume slider, and playlist functionality to mimic the real streaming experience.

NEWS & BLOG :-

- Built a fast, engaging news blog with React that automatically updates content.
- Designed intuitive categories, easy search, and a mobile-friendly layout so readers can effortlessly find and enjoy articles.

INTERNSHIP :-

Full-Stack Development Intern | MERN Stack

[Coding Block] | [July 2024 - August 2024]

- Developed and maintained web applications using MongoDB, Express.js, React, and Node.js, contributing to both frontend and backend functionality.
- Designed responsive UIs with React hooks, state management (Redux/Context API), and modern CSS frameworks (Tailwind/Material UI).

CERTIFICATIONS :-

- Generative AI: Prompt Engineering Basics
- Frontend development with React.js
- Backend development with Node.js
- Foundation of Project Management
- UI path automation fundamentals
